

JOHN ODHIAMBO

Data Analyst

+254 769 402 697 | johnodhiambo712@gmail.com | Nairobi, Kenya |

PROFESSIONAL SUMMARY

Highly motivated and detail-oriented Applied Statistics with Computing graduate with hands-on experience in data analysis, database management, and field data collection. Proven track record in data integrity, cleansing, and visualization across corporate insurance, electoral management, and public sector projects. Proficient in statistical software and digital tools, with a strong ability to translate raw data into actionable performance indicators and operational insights.

EDUCATION

Moi University | Eldoret, Kenya

Bachelor of Science in Applied Statistics with Computing | Graduation Year: 2024

CORE SKILLS

- **Technical Skills:** Statistical Data Analysis, Data Cleaning & Validation, Advanced Excel (Formulas, Pivot Tables, VLOOKUP), Python, R Programming, Data Visualization, Database Management, Monitoring and Evaluation (M&E).
- **Tools & Platforms:** Kobo Toolbox, Redcap, Electronic Registration Tablets, Microsoft Office Suite.
- **Soft Skills:** Attention to Detail, Analytical Thinking, Problem Solving, Cross-functional Teamwork, Time Management, Written & Verbal Communication.

PROFESSIONAL EXPERIENCE

MINISTRY OF LABOUR AND SOCIAL PROTECTION | Nairobi, Kenya

Data Enumerator | June 2024 – July 2024 |

- Built and managed a comprehensive database tracking vulnerable populations within designated enumeration areas.
- Conducted structured field data collection leveraging mobile tools including Kobo Toolbox and Redcap.
- Mapped selected enumeration boundaries to maximize household coverage and minimize data collection redundancies.
- Performed data editing and quality checks prior to final submission to safeguard overall data integrity.
- Analysed collected data sets to assist in identifying demographic trends for public social protection initiatives.

BRITAM INSURANCE COMPANY | Nairobi, Kenya

Data Analyst Intern (Industrial Attachment) | January 2023 – April 2023 |

- Executed data entry, rigorous cleaning, and validation protocols for comprehensive insurance policy and claims databases.
- Streamlined the production of routine operational and management reports utilizing advanced Excel functions.
- Analysed historical customer and claims records to uncover key trends, supporting corporate risk management strategies.
- Partnered directly with the underwriting and claims departments to supply data-driven analysis and supporting technical documentation.
- Applied statistical methodologies to evaluate risk exposure, track claims frequencies, and report on key performance indicators (KPIs).
- Maintained data confidentiality and security protocols in strict compliance with standard corporate policies.

INDEPENDENT ELECTORAL AND BOUNDARIES COMMISSION (IEBC) | Nairobi, Kenya

Data Entry Clerk | August 2022

- Registered new voters and revised existing voter profiles securely within the electronic voter registration system.
- Audited incoming voter information to verify absolute accuracy, completeness, and strict compliance with statutory IEBC regulations.
- Managed critical documentation workflows to ensure all physical and digital voter records were securely archived.
- Collaborated closely with the Presiding Officer to compile real-time polling data units and draft final operational reports.
